Models: LT843

Models L T843 Tubular Latch has a unique design - requiring only 28 degrees, both clockwise and counter-clockwise rotations on either side to retract the Bolt.

The forged solid brass Bolt is reversible to facilitate door handing; supplied with satin brass "B" or satin nickel "N" finishes.

The housing features with a pair of 38mm center to center holes, allowing trim / rosette through bolting mount horizontally. The 28 degree short retracting Latches are assembled with Knob strength only. Power Pack (L T-RS150) or a similar assist spring cage on each side is recommended for Lever application if the lever is of heavy construction/weight.

HUB SIZE: 8.0mm² | 7.3mm Diamond

FINISHES: 10B Oil Rubbed Bronze
15 Satin Nickel
3 Bright Brass

Universal Hub 8mm on square & 7.3mm on diamond
